

THE DIALOGHAUS HAMBURG

THE DIALOGHAUS HAMBURG

Since 2000, as a nonprofit social enterprise, we have been bringing inclusion to life in an interactive and playful way. Our unique experiential exhibitions inspire visitors, school groups, and companies looking to gain a new perspective.

In the heart of the historic Speicherstadt, we create special encounters. From the very beginning, the Dialoghaus Hamburg has been an employer for people with disabilities. About half of our team lives with a visible or invisible disability.

For everyone who wants to rediscover Hamburg: unique, surprising, and unforgettable.
